

Bradley M. Pinsky selected to participate in Fire Engineering's new radio show!

Bradley M. Pinsky has been selected by Fire Engineering to participate in a regularly occurring radio show. Mr. Pinsky will host the show with other nationally acclaimed attorneys. Mr. Pinsky is the only attorney selected in New York State to participate.

The radio show will address legal issues important to the fire service. The radio show is listed on Fire Engineering's website at www.fireengineering.com

Mr. Pinsky is an attorney representing approximately 300 fire departments, fire districts and ambulance services throughout the state. He has been selected to speak and to moderate a panel on safety issues at FDIC 2010. He is a Captain with the Manlius Fire Department and the Department's Municipal Training Officer. He is nationally certified as a fire service instructor. He is the author of the "Fire Department Law & Management Resource Manual".
